

The diagram illustrates the structure of a Java application. It features a large, light blue rectangular container with a dashed border. Inside this container, the word "main" is centered at the top. Below "main", there is a horizontal row of four elements: three light blue rectangular boxes with solid borders, each containing the text "ui", "service", and "exceptions" respectively, followed by the text "java". The entire row of four elements is enclosed within a solid black rectangular border.

main

ui

service
